

GUDECO Line card

Partners, products and sector solutions at a glance

Welcome!

As your specialist for passive and electromechanical components, we are delighted to put our qualified team, vast number of products and comprehensive range of services at your disposal.

Our line card will give you a first impression of our product portfolio. Here you will find quickly all our partners and product groups as well as the right manufacturers for your sector.

HERE'S TO WORKING TOGETHER!

GUDECO Service Guarantees

Business relations built on trust, agreements we meet, quality standards every GUDECO employee achieves, every day. You can rely on GUDECO.

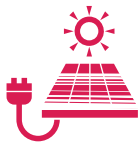

We guarantee

- + Qualified field sales and internal sales teams
- + Stock build-up and warehousing as required by customers/Kanban
- + Rapid provision of samples for your product developments
- + Customer data protection
- + DIN EN ISO 9001:2015 and 14001:2015 certification
- + 24-h shipments
- + Friendly and personal service
- + Internet information platform

GUDECO Sector Solutions

The demands on the make-up and functionality of components are constantly increasing. Sector-specific technical solutions are increasingly in demand. GUDECO works to ensure we can meet these demands and also give you comprehensive advice from sector specialists.

We would be delighted to support you on the latest products and your specific requirements:

Solar Industry

Durable, wind and weather-resistant components are what we recommend for the solar industry. This way, you can make sure your installations are reliable in every situation even under strong UV influences.

Automotive

If you are developing vehicles and their components, you have always got your focus on the high standards of the vehicle sector. By choosing us, you are choosing quality and cost effectiveness.

Telecommunications

The telecoms sector is an important market currently undergoing rapid growth. We can offer you the right components for producing WLAN routers or setting up mobile base stations.

Medical Technology

Precision and safety are the buzzwords in this sector. We are happy to recommend components which can reliably live up to these demands.

Agriculture

Modern agriculture has relied on sophisticated agricultural technology for years. GUDECO can supply you with the necessary electronic components from top manufacturers.

Industry

To produce high-value goods economically, the technical infrastructure has to be perfect and match your production conditions.

Overview of Partners and Product Groups

Electromechanical Components

PARTNERS	PRODUCTS
	Miniature switches, miniature momentary push buttons, instrument switches
	Pin / Female Header, Modular Jack, IDC, FFC/FPC, D-SUB, USB, Mini DIN, cooling technologies, etc.
 A KYOCERA GROUP COMPANY	Connectors hard metric 2mm, DIN 41612, IDC DIN 41651, FFC/FPC, Board to Board
 TECHNOLOGY IN CONNECTORS™	Connectors DIN 41612/41617, circular connectors, IDC DIN 41651, filter D-Sub DIN 41652, optical fibre, coax
	Dual-in-line reed-relays, reed-switches
 Speed & Passion DIPTRONICS	DIP-switches, micro switches, miniature momentary push buttons, rotary- or push button code switches
	Fuses and fuse holders
 A Phoenix Mecano Company	PCB-terminal-blocks and terminal-strips, rotary- or push button code switches, micro switches, display elements
	Attachment-systems, cable bonding, heat-shrinking tubes, marking-systems, safety-nozzles, safety-tubes
	Pin / female header, Modular Jack, IDC, Wire / Board to Board, FFC/FPC, D-SUB, USB, In-/Outlets, cable, etc.
	Relays, switches, sensors, connectors, push buttons, micro switches
	Encoder, push buttons
 INSPIRING INNOVATIONS	PCB-terminal-blocks, connectors and electronic housings
	Momentary and impulse push buttons, built-in push buttons, control components, signal lamps, lamps, keyboards
 Geräteschutz	Fuses and fuse holders
 WE CONNECT IT	IC-/PLCC-/PGA-Sockets, male and female headers, PCB-terminal-blocks, jumper, connectors
	Relais

Active and passive Components

PARTNERS	PRODUCTS
 Associação de Componentes Passivos	Trimmers, potentiometers
 A KYOCERA GROUP COMPANY	Tantalum capacitors (general and low ESR), ceramic capacitors, filters, variable resistors
	DC/DC converters, inductors, converter, common mode chokes, AC/DC power supplies, digital panel meters
 	Electrolytic-, ceramic-, polymer capacitors

Active and passive Components

PARTNERS	PRODUCTS
	Resistors and resistor networks
 INNOVATOR IN ELECTRONICS	Ceramic capacitors, trimmers, sensors, filters, coils, resonators, inductors
 Murata Power Solutions	DC/DC converters, inductors, converter, common mode chokes, AC/DC power supplies, digital panel meters
 NIC COMPONENTS CORP.	Inductors, electrolytic-, tantalum-, film-, ceramic capacitors, precision resistors
	Film capacitors
	Electrolytic-, tantalum-, film-, polymer-capacitors, variable resistors, trimmers, inductors, resistor networks, precision resistors
 SAMSUNG ELECTRO-MECHANICS	Tantalum-, polymer capacitors, inductors, ceramic capacitors
	Electrolytic capacitors, variable resistors, ceramic capacitors
	Resistors, potentiometers, trimmers, film-, thin-film, thick-film resistors (high-precision resistors)
 Thin Film Specialist and Innovator	Film-, thin-film, thick-film resistors (high-precision resistors), resistor networks
	Trimmers, potentiometers, sensors, precision-potentiometers, resistor networks, resistor-capacitor networks, capacitor networks, chip resistors, power resistors, inductors, magnetic components
	SMD resistors, wired and film resistors, high voltage and safety resistors, hybrid circuits in thick-film and thin-film technology, customer specific applications
	ceramic capacitors, thin-film and thick-film resistors, resistor networks

Soldering + Accessories, Sprays, Measurement Instruments

PARTNERS	PRODUCTS
	Solder, solder-pastes, flux, soldering accessories
	Safety-, cleaning- and maintenance devices (sprays)
	Solder, solder-pastes, flux, adhesives, cleaning devices, soldering accessories
	Solder, solder-pastes, flux, cleaning devices, soldering accessories, termologger
	Soldering and de-soldering instruments and stations, repair instruments, accessories, tools, spare parts, tweezers, side cutters
