

Ihre Erfolgskomponente  
**GUDECO**  
ELEKTRONIK

**We provide electromechanical and passive components from leading manufacturers.**

- **Directly ex stock**
- **In small quantities**
- **Even SMD**

Electromechanical components	... our partners
Miniature switches, miniature momentary push buttons, instrument switches	
Pin / Female Header, Modular Jack, IDC, FFC/FPC, D-SUB, USB, Mini DIN, cooling technologies, etc.	
Connectors hard metric 2mm, DIN 41612, IDC DIN 41651, FFC/FPC, Board to Board	
Connectors DIN 41612/41617, circular connectors, IDC DIN 41651, filter D-Sub DIN 41652, optical fibre, coax	
Dual-in-line reed-relays, reed-switches	
DIP-switches, micro switches, miniature momentary push buttons, rotary- or push button code switches	
Fuses and fuse holders	
PCB-terminal-blocks and terminal-strips, rotary- or push button code switches, micro switches, display elements	
Attachment-systems, cable bonding, heat-shrinking tubes, marking-systems, safety-nozzles, safety-tubes	
Pin / female header, Modular Jack, IDC, Wire / Board to Board, FFC/FPC, D-SUB, USB, In-/Outlets, cable, etc.	
Relays, switches, sensors, connectors, push buttons, micro switches	
Encoder, push buttons	
PCB-terminal-blocks, connectors and electronic housings	
Momentary and impulse push buttons, built-in push buttons, control components, signal lamps, lamps, keyboards	
Fuses and fuse holders	
IC-/PLCC-/PGA-Sockets, male and female headers, PCB-terminal-blocks, jumper, connectors	
Relays	

Active and passive components	... our partners
Trimmers, potentiometers	
Tantalum capacitors (general and low ESR), ceramic capacitors, filters, variable resistors	
Electrolytic-, ceramic-, polymer capacitors	
Resistors and resistor networks	

Active and passive components	... our partners
Ceramic capacitors, trimmers, sensors, filters, coils, resonators, inductors	
DC/DC converters, inductors, converter, common mode chokes, AC/DC power supplies, digital panel meters	
Inductors, electrolytic-, tantalum-, film-, ceramic capacitors, precision resistors	
Film capacitors	
Electrolytic-, tantalum-, film-, polymer-capacitors, variable resistors, trimmers, inductors, resistor networks, precision resistors	
Tantalum-, polymer capacitors, inductors, ceramic capacitors	
Electrolytic capacitors, variable resistors, ceramic capacitors	
Resistors, potentiometers, trimmers, film-, thin-film, thick-film resistors (high-precision resistors)	
Film-, thin-film, thick-film resistors (high-precision resistors), resistor networks	
SMD resistors, wired and film resistors, high voltage and safety resistors, hybrid circuits in thick-film and thin-film technology, customer specific applications	
Trimmers, potentiometers, sensors, precision-potentiometers, resistor networks, resistor-capacitor networks, capacitor networks, chip resistors, power resistors, inductors, magnetic components	
ceramic capacitors, thin-film and thick-film resistors, resistor networks	

Soldering + accessories, sprays, measurement instruments	... our partners
Solder, solder-pastes, flux, soldering accessories	
Safety-, cleaning- and maintenance devices (sprays)	
Solder, solder-pastes, flux, adhesives, cleaning devices, soldering accessories	
Solder, solder-pastes, flux, cleaning devices, soldering accessories, thermo-logger	
Soldering and de-soldering instruments and stations, repair instruments, accessories, tools, spare parts, tweezers, side cutters	

## GUDECO – Your component to success

Gudeco is your trade partner and expert for passive und electromechanical components, equipment, connecting technology, component preparation und assembling service.

You may rely on our best efforts – thereby from more than 40 years of experience in this dynamic market segment and our particular service orientation.

Detailed consulting, factory assisted design-in and product samples for your development is self-evident.

With a range of approx. 15.000 various articles of passive und electromechanical components, we provide a wide choice and the best solution for any demand. Our range of service allows large-sized deliveries as well as delivery in small quantities, even SMD.

We deliver high quality products quick and reliable at fair market prices.

A cooperation with Gudeco stands for quality, product knowledge, flexibility and quick service.

**We would be pleased to convince you!**

## GUDECO service guarantee

Business relationship based on confidence.  
Agreements will be kept.  
Quality standards, implemented by each  
employee - day by day.

### We guarantee

- qualified internal and external sales employees
- 24 hour shipments
- design-in service and samples for your product developments
- stocking and warehousing per customer demands/Kanban
- shipment of small quantities, even SMD
- customer data protection
- total quality management
- manufacturer catalogues
- friendly and personal service

**Always be informed up to date: [www.gudeco.de](http://www.gudeco.de)**

You are looking for a specific product of a certain manufacturer?

You are looking for a manufacturer of a specific component?

You require dimensions of individual SMD-types?
