WG: COVID-19 Current Update (Lead Times)

Betreff: RE: COVID-19 Current Update (Lead Times)

Dear Partners,

Hope everything is good with you and your family.

As mentioned in my below email we are working hard to make sure we are able to support our customers and partners during this COVID-19 situation. Our factories are following all the local government safety guidelines and at the same time keeping the production line running as much as possible.

The COVID-19 situation has created a demand increase for some of our products. Therefore based on the demand and production capacity we are going to adjust our lead times in ODPOS.

On 9th April (Thursday) our marketing team will upload the new LTs in ODPOS. Request you to download the entire price list from ODPOS on 13th April (Monday onwards) and upload the latest lead times in your system for all our part nos.

Some of the product families with increased LTs are below.

Product Families: A6, D6, G6S, G5Q-HA, G7L, SS, G2RL, D6T

Please ask your team to contact our respective Customer Support team for specific deliveries and delivery schedule for your POs.

Stay safe and healthy!

Nice weekend!

Thanks & best regards,
Hafeez
