Sub : Extension of Chinese factory closure

We, Samwha Electric Co.,Ltd. wish you every success, and sincerely thank you for your support in the development of our company.

As previously notified, Chinese government had planned to operate factories normally from Feb. 10, after announcing the extension of the Lunar New Year holiday by Feb. 9, 20, due to the spread of the Corona virus.

However, as it continues to spread, it is unclear when the normal operation will take place.

So, in case of prolonged period, supply of products produced by Chinese factories is expected to be disrupted.

However, we are making efforts to advance the timing of the supply and demand of raw materials and normalization of our Chinese factory.

Then, we'll continuously check the progress and contact you again.
